

LS

Year 3

Skeletons, muscles and types of teeth

Functions of a flowering plant

Rocks, fossils and soils

Light and Shadows

Simple fair testing

Year 4

Solids, liquids and gasses

Living things and their habitats

Reversible and irreversible changes

Properties of materials

The World around us: Earth and Space

Year 5

Sound and vibrations

Digestive system

Electricity

Life Cycles

Reproductive system

Year 6

Light

Electricity

Adaptation

Key scientists e.g. Mary Anning and Charles Darwin

Human circulatory system

Impact of lifestyle on the body

Science Curriculum Road Map
