

**Mental maths competition (2)**

**Date set: Friday 10 November until Thursday 16 November**

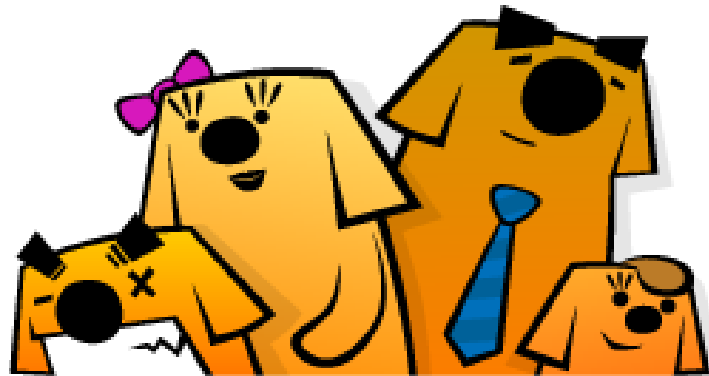

**We've taken on  
year 4 ... now it's  
time to take on  
the other schools  
in Milton Keynes!**

During our half term competition, just over two thirds of the children from the year group took part – with everyone in each class playing a few games we have the chance to do really well in this city wide competition!

The contest runs from 8am on the Friday to 8pm the following Thursday - but you can play at any time during this period. Scores are based on accuracy, and questions tailored to each student's level - so everyone has a fair chance. There's a maximum of 1000 questions for each student - so accuracy is more important than effort!

**As a reward for taking part, each student who answers 100 questions will receive an item for their Sumdog House.**

You know your sumdog username and password and a copy can be found just on the inside cover of your homework book. If you are not sure what yours is – please make sure you find out before the end of the half term. Log in using this at [www.sumdog.com](http://www.sumdog.com)

**Good luck and happy calculating!**
