For the children by the children

## Ancient Greece

In year 5 we learnt about Ancient Greece. To start the topic we pretended we were flying to Greece and we had to wear our holiday clothes. We had to take five things with us and the teachers checked our bags just like at a real airport. If we had lots of liquid they confiscated it! We took our bags and passports to our seats. And we were off...

Greece is a totally different country to England. Some of the things that were built in Ancient Greece happened 3000 BC years ago. We learnt about the people's jobs and how different it was to England which was interesting. We did a play about Ancient Greece which was funny and great. I loved learning about Ancient Greece!

# Cub Camp

At Cub Camp, everyone wears cub uniform. At the start we all played a game and saw the awesome swings. The game that we played was Find The Torches. Later in the day , we played St. George. I was on the dragon's team. After that we all walked to the camp fire. Everyone sang lots of songs very loudly. When that was finished, me and the other cubs watched a movie called Shrek 4. I was really tired so I went to sleep in the blue tent. When we got up we had to pack up but luckily we got to do a parade and a boat ride.

## Interview with Mr George by Tilly HB13

Mr George is our new head teacher. He started just after last Easter holiday. I went to see Mr George in his office to ask him some questions for LS News.

I asked Mr George why he wanted to come to Loughton School. He said he wanted a new head teacher's job and he'd heard that the job was advertised and that the school had lots of learning facilities for the children. So, he applied for the job.

Mr George has been a head teacher in four different schools. His previous school was a little bit smaller, but the children found it difficult to learn and the school was built very badly. So they spent a lot of time trying to make the school look nicer.

I asked Mr George what he liked best about this school and he said that he liked the children because they were talkative and inquisitive and he liked the staff. Mr George said that he would like to change the office area because he thinks it is very cramped with four people working in a very thin office. He would also like to change the way he communicates with the staff because he does not like using email very much.

His favourite sport is rugby but he said he wasn't very good at it and gave it up because he kept getting hurt. He went to college near Twickenham so rugby was popular. His brother was a professional rugby player.

I have 121 Squinkies that I collect. Squinkies are little squishy things. They can be animals, people and babies. You can make them stick upside down on your finger. I have one rare one. It is see-through and it is a poodle. They are very hard to get.

## Bracelets

Our hobby is making band bracelets with elastic bands. We have strawberry-scented, normal and glow in the dark. They are simple and easy to make! Here's how to make them:

1. You get your bands and get one. Then twist it on your right hand on your index and middle finger.
2. Once you have done that, you put another band over the top and take the bottom band over.
3. Keep doing this. Then put a special clip on one side and join the two sides together.

In a very short amount of time we have made 32 bracelets altogether!

# Our Pets

My dog is called Teddy and my cat is called Daisy. Teddy and I used to play Fetch and he licked my face. My cat and I used to watch movies together. After a hard day at school we went to sleep on the sofa!

I am Zuhayr and I have two snakes. They are both corn snakes but one of them is a common corn snake and the other is a crimson corn snake. Their names are Tazia and Azues. Tazia is the common corn snake and Azues is the crimson. Sometimes when I'm watching TV, they slither towards the glass and watch too! While they're watching I give them some defrosted mice to nibble on. It's quite an experience to have snakes as pets. They shed EVERY month!

**Why not write in to LS News to tell everyone about it?**

# How To Draw Manga Faces

1. First you need to draw an upside-down tunnel for the shape of the face .

2. Next you draw four wiggly lines.

3. Then you need to join the lines together like this.

4. After, draw two curvy lines to make the pupils and colour the rest in.

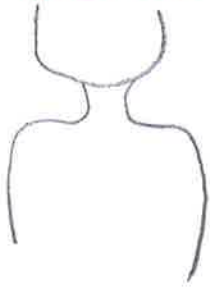

5. Next you need to do a small line for the nose and a upside-down semi- circle for the mouth.

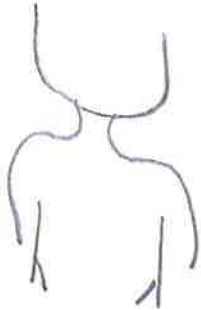

6. After that you need to make the top of the head higher and do a little bit of hair.

7. Finally, do some curly lines hovering over her head and a bow or a flower.

# How To Draw Bodies

1. First you do something that looks a bit like a bottle for the shoulders and connect it to the head.

2. Then draw two lines that go lower than the shoulders and one more line that goes in.

3. Next draw a line to connect them and two curly lines to complete your top.

4. After that you need to make the arms a bit longer and do three lines to make the skirt. Remember the belt.

5. Finally you need to do your hands and a line if you want a belly button. Last, but not least, do your legs and high heels.

Now you have finished your girl!
