## Trips To Legoland

In the holidays I went to Legoland. I went with my mum and brother. We went on a roller coaster and other awesome rides. There were models of famous places like Paris, London and from India the Taj Mahal. They were made of lego! We took lots of pictures. After that we went to the shops. I bought a Lego Friends set. I had so much fun!

Nadia HB10

My trip to Legoland was amazing! It took one hour to arrive. My favourite ride was when a boat splashed the water and I got soaking wet. Sadly, we couldn't go to the water fun area because we hadn't got our swimsuits. There was also a roller coaster and it made me feel funny – in a good way! The jolly rocker boat rocked very high! For lunch, we ate delicious hot dogs. The whole day was an unforgettable time.

## Quick Joke!

Why do babies like football?

Because they can dribble!

### My Badminton

Hi! I'm Zuhayr. You might have read about my two pets, Tazia and Azues in edition 14. I hope you liked reading it! Anyway, I go to a badminton club. It's name is Tripp Academy. The Tripp part is named after the coach's surname, Manny Tripp. Manny's son is Callum and he's my best friend. He goes to the Academy, too.

Each session lasts two hours. In the first hour, we train by practising lots of different shots, such as backhand lifts, clears, nets, drops and pushes. Apparently, badminton is one of the fastest racquet sports.

In the second hour we play matches on a full court. The way it works is we get a shuttlecock from Manny and go on a court. The people who don't get on a court line up beside the court so they can play the winner.

### Football

Holly and I go to City Belles Football Club. We go on Wednesday for training and on Saturdays for a match.

Our first match was at Broughton and that's where we normally train. We really like playing together. We play in defence.

Our manager is called Claudio. The people in our team are Rose, Elena, Ellie, Olivia and Liv.

# GREECE

## Greek Holiday

When I went to Greece last summer there was no airport! It is just a military base and the airport part of the base is tiny. We saw 18 military jets and even when I was in the pool a military jet came over. The base had a massive runway for cargo planes because they are heavier. Next to the base there's a plane museum.

## Year 5's Trip to Greece

When we got to school (airport lounge), we were in all in our holiday clothes. We were given our passports and first class tickets and headed off to security. Our bags were checked and certain things like sun cream were taken away as they were more than 200 ml. One of the last people to be checked was somehow discovered with a rubber chicken in his bag and the whole airport set about laughing! As we flew over the countries of Europe, Captain Taylor showed us landmarks like the Eiffel Tower and the Alps. We really enjoyed it!

## My Nan's Unusual Puppy

Casper is a labradoodle which is a cross between a labrador and a poodle. The unusual thing is he licks your ears and toes.

It tickles!

## My Hamster

I have a dwarf hamster named Coco and he is nearly one. He is a beige sort of colour. He has one friend called Peter and he is plain white. My favourite part of having Coco is that it's really funny to watch him in his green ball banging into things. My favourite part of having Peter is that when you hold him in your hand he sticks his nose in between your fingers and moves it around and it tickles!

# How To Make A Feather Pen

**You will need:** A strong feather ( a goose quill is best), a pen knife (if you don't have a pen knife a Stanley knife will do), tweezers, and **an adult to help you.**

## **How to make it:**

1. Shorten the feather to about 20cm.
2. Strip of all barbs (the feathery part) from the shaft.
3. Cut the bottom of the shaft with your pen knife.
4. Shape the bottom of the shaft.
5. Take out the core with tweezers.
6. Make a slit at the end of the nib about 5mm long.
7. Trim the end of the shaft again, this time at an angle.
8. Dip the feather into ink and try writing the alphabet.
