

18 December 2018

Dear Parents/Carers,

Over the past few months ParentMail have been making lots of improvements to their parent App for Android and iOS devices and have recently launched a new version.

If you are using our own school branded App, there are a few important things you need to know to ensure you continue receiving school communications.

Our existing school branded App will stop working at the end of this year, so it's really important that you download the new App as soon as possible.

To download the App, simply search 'ParentMail' in the Apple or Android App store.

Once installed, please delete the current App from your device.

The new App includes lots of improvements, including:

- Improved user interface, making it quick and easy to find and manage school communications
- An 'Unread' section, where parents can find all new and unread items quickly and easily
- A new 'Announcements' feature to keep parents up to date with important ParentMail news.
- Improved archiving and delete functionality, making it easy to select items in bulk.

... and much more!

What's more, this new App will make it even easier for ParentMail to make improvements in response to parent feedback.

Best wishes

Mr Andy George
Headteacher
