## Swimming

Taking part in a competition is a little bit terrifying. You don't know what place you are going to come. In about December 2013 the swimming club I go to held a free-style race (also known as front crawl) and also a back stroke race. As I got ready to dive into the water, the start bleeper went off. Splashing, I reached the end of the pool with two hands. Back stroke was the same but I started in the water and sprang by pushing my feet. The results were that I was given a second place certificate, although I didn't get anything for backstroke. I just had fun!

I had to have a shower afterwards because there was bleach and chlorine in the pool. I am proud of my achievement, very proud indeed!

## Cooking Sensation

Have you heard? Tom in year 4 cooks. He was inspired by a cookery book from the book fair and has been baking ever since October. Tom made a six tier cake for his class and it was totally delicious! He started with basic cupcakes which worked well, before working on bigger things, so if you want a cake ask Tom!

# Bikeability

Many children thought that bike riding was basically sitting on the seat and pedalling to make the bike move, but after attending the bikeability course many children have realized that there is more to bike riding than meets the eye!

On the first day, a group of Year 5 children went to the bottom playground to meet the instructors-Chris and John. We learnt how to carry out a simple bike check by remembering the letters- A,B,C and D.

**A** was for air pressure. Check if the tyres have enough air in them.

**B** was for brakes. Check they are in good condition.

**C** was for chain.. Check the chain isn't stuck. Most of the group couldn't guess what letter D meant...

**D** was drop the bike gently to check that nothing is loose.

On day 2, we went to Mead Way to practise U turns (1 by putting your foot down and the other without putting your foot down.) Then we learnt about position (where to stand in the road depending upon which direction you are going to turn.)

On our final day, we revised everything we had learnt and used our knowledge to assist us. We cycled to Great Holm and learnt how to go around a roundabout. The majority of children were hoping they wouldn't get any cars on their go!
