Friendship Poem

Friendship is like money but doesn't cost anything. It is a good feeling when friends have got your back. Always stay in touch with your best friend.

Part 2 of Mr George's Interview!

is finally here... so ENJOY!

Mr George likes doing re-enactments in his spare time, which is "dressing up in silly clothes " (his words, not mine) and pretending to act out a battle, either the English Civil War or the battles of the Napoleonic period. He uses black powder for the guns and loud bangs. He camps out over the whole weekend.

Mr George said if he could be a character in a book, he would be Dumbledore from Harry Potter because he would be a head teacher and work with children, he could do magic, he wouldn't need to worry what people thought about him (because he always worries) and it would be nice not to have to worry. He would also be able to wear fancy clothes.

He likes being a head teacher. When he was 14 he wanted to be a policeman, but he was too short sighted so he was rejected. He was very upset that he wasn't able to apply. He talked to some teachers and they said why not try teaching and they said that telling people off was almost as good as arresting them!

I asked Mr George if he could describe himself in three words, What would they be? He said he was fun, energetic and passionate!

I really enjoyed interviewing Mr George and I hope that all of you enjoy reading this too.
