

Benefits for Parents

<https://u005727 microlibrarian.net>

Write Reviews

Review books from home and give a star rating, a great feature for developing your child's literacy and writing skills

Multilingual

Multiple language capabilities useful for children and parents who do not have English as their first language

eBooks

Access free eBooks to read with your child at home

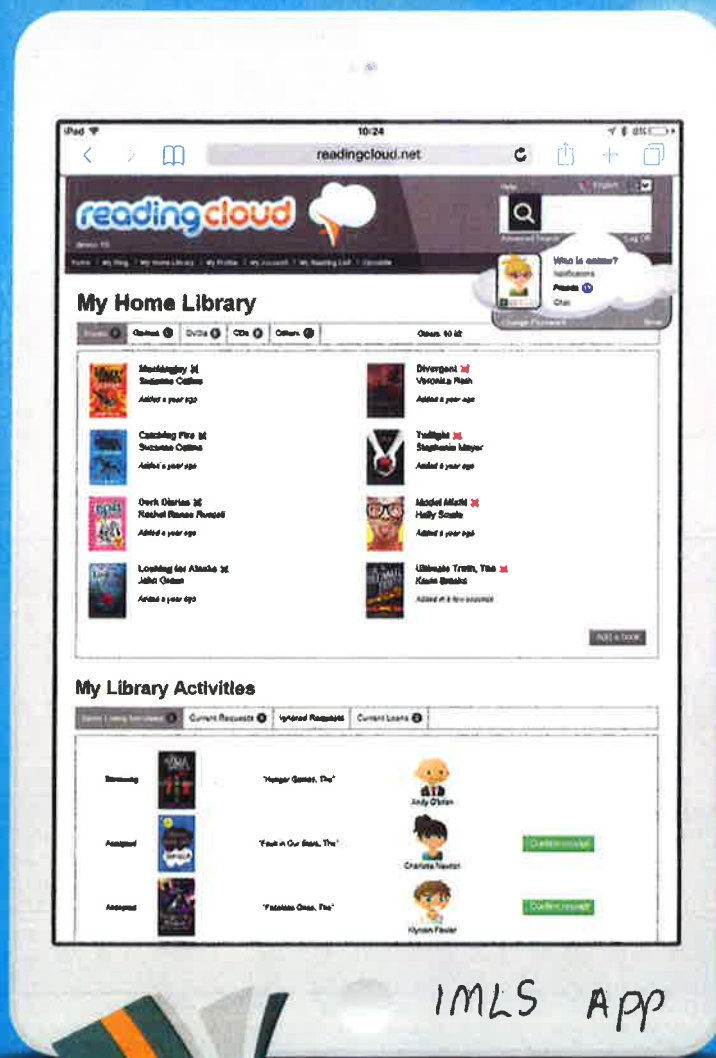

WebLinks

Access pre-approved, curriculum relevant and safe websites from home

Online Safety

A safe environment for your child to learn social networking skills where they can create an online profile, chat with friends, blog and be part of the Reading Cloud community

Access to the School Library

From any computer, iPhone, iPad or other smartphone or tablet

Track your Child's Reading Progress

View their past loans and what they are currently reading

Behind the Bookshelf

Share the experience of watching a wide range of video clips of authors talking about books with your child

"Who Next?"

Help your child pick their next book with the help of "Who Next" which recommends books based on what they have previously read, looking at similar authors/genres

Wish List

Use the iMLS app to check which books the school library has in stock before you buy the titles for your children

Produce Video Reviews

A fun and interesting way of getting involved with your child's reading progress

reading cloud

Benefits for Pupils

<https://u005727 microlibrarian.net>

eBooks

eBook content available for pupils to access from smart phones, iPads and tablets

"Who Next?"

An automatic list of recommended reads. Helps pupils to pick similar books to ones they have already enjoyed

Self Service

Pupils can borrow and return their own books, giving them the feeling of ownership of the library

WebLinks

Thousands of pre-approved curriculum relevant and safe websites added to the catalogue

Reading Lists

Tailored lists of books and resources that can be pupil specific. Pupils can create their own lists and bibliographies

User Friendly Interface

Search facilities to suit pupils of all ages and encourage independent learning

Home Library

Pupils can catalogue their own books and resources in 'My Home Library'

Access From Home

Write or film reviews. Search the library to find and reserve books from home and interact with friends online

Blogging

Pupils can write blogs about books that interest them

Reviews

Write a book review and give a star rating, a great feature for developing literacy and writing skills. You can even add video reviews

Behind the Bookshelf

Access to a world of virtual author visits through author videos

Online Account

Pupils can create their own online profile and avatar

Social Networking

Pupils can add friends and chat safely online about their favourite books and authors

Wish List

Pupils can request books not currently in the library via the iMLS app, an excellent way to see the popular books pupils want to read

Build Online Search Skills

Pupils learn how to search the library catalogue by keyword to help with homework and research
