

PRIMARY SCHOOL SPORT PREMIUM REPORT OVERVIEW

BACKGROUND

In April 2013, the Government announced new funding of £150 million for physical education (PE) and sport. This was off the back of the success of the 2012 Olympics held in London which inspired a generation to become physically active for life. The funding was to be used to improve the quality and breadth of PE and sport provision. Schools are free to determine how best to use the funding to improve the quality of PE and sport provided within their school, including increasing participation in PE and sport so that pupils develop healthy lifestyles and reach the performance levels they are capable of.

(Ofsted - Inspecting primary school PE and sport: new funding September 2013)

ALLOCATION OF FUNDING FOR LOUGHTON SCHOOL

Sports funding is allocated to schools based on the number of children on roll (Key stage 2) plus an additional flat rate.

Flat rate = £8000

Amount of PSSP received per child (£5 x 480) = £2400

Total amount = £10,400

OBJECTIVES IN SPENDING THE FUNDING

As a school who already placed a high value on the PE and sport we provide for our children we decided to complete an audit. We used the self-review tool 'Towards Outstanding PE and School Sport Provision' provided by Youth Sports Trust to show us the areas that needed developing and used the funding to support these areas.

The main areas to develop were:

- Increase participation for all children in PE and sports activities
- Increase the number of children who take part in festivals and competitions
- Enhance the curriculum we already provide
- To further develop the skills more able children
- To provide an inclusive PE curriculum and support those children with Special Needs in PE
- Professional development of staff to be able to provide High Quality PE lessons

As part of this a questionnaire was given to all teaching staff asking them about PE and how they felt about teaching PE. They were asked to detail areas of strength and areas they felt needed developing. CPD was then arranged around these areas.

We used the following headings to categorise how we have spent the funding:

- Enhancing the curriculum
- CPD
- Increasing Participation
- Festivals and Competitions
- Leadership
- Gifted and Talented/Inclusive PE
